

**EDC-MixRisk**  
safe chemicals for future generations

**Registration now open!**

### ***The Chemical Cocktail Challenge***

**“A workshop on results and conclusions from the two H2020-funded projects, EDC-MixRisk and EuroMix, and their implications for future needs for chemical mixture risk assessment”**

***26 March 2019, Brussels, Belgium***

We are pleased to invite you to register to our Joint Stakeholder Workshop entitled:  
“Chemical Cocktail Challenge”.

This is a workshop on results and conclusions from the two H2020-funded projects, EDC-MixRisk and EuroMix, and their implications for future needs for chemical mixture risk assessment”.

The workshop will take place at Thon Hotel EU (address: **Rue de la Loi 75**) Brussels, *26 March 2019*.

The meeting is organized jointly by two EU Horizon 2020 research projects working on chemical mixtures i.e. EDC-MixRisk, coordinated by Karolinska Institutet (KI) in Sweden and EuroMix, coordinated by the Netherlands National Institute for Public Health and the Environment (RIVM).

The workshop is aimed at gathering key scientists, researchers, policy makers, and stakeholders from authorities, industry and civil society. Both projects, EDC-MixRisk and EuroMix, will present key results and demonstrate new tools and approaches for risk assessment of combined exposure to multiple chemicals (mixtures) and how these could benefit future European food and chemical safety policy.

The morning part of the stakeholder workshop will focus on presenting and discussing the key results of both projects and stakeholder perspectives in a joint plenary, whereas the afternoon sessions will showcase and discuss the new approaches and tools from each of these projects. We cordially invite you to a joint dinner, in the evening of 26 March, at the restaurant *Atelier 29* which is located next to the conference venue. The dinner will be at own expense.

The joint stakeholder workshop will be followed by project-specific stakeholder/scientific workshops in Brussels, *27 March 2019*. Both these events are open for registration as well.

#### **Registration**

The draft programmes of all the three meetings and further details are available on the registration website. Please register for the meeting(s) through our single [registration system](#).

**Deadline** for registration is **18 February 2019**. *The on-line registration is compulsory for all participants.* Please note: registration does not guarantee participation since it is subject to availability of seats.

The workshop(s) are free of charge, including lunch and coffee. The organisers will not cover travel or accommodation expenses or pay any allowance for the participants.

For any questions regarding the workshop, please do not hesitate to contact us: Elina Drakvik (EDC-MixRisk), [elina.drakvik@ki.se](mailto:elina.drakvik@ki.se) or Helga Gunnlaugsdóttir (EuroMix), [helgag@matis.is](mailto:helgag@matis.is) .
